

TALLURI CHANDANA

Software Engineer

8179639959 | chandanatalluri20@gmail.com

About Me

I am Talluri Chandana, a third-year B.Tech Computer Science student at Anurag University, Hyderabad, with a CGPA of 8.55. I am proficient in Python, C, HTML & CSS, and Data Structures, and currently learning Java and MERN stack to strengthen my development skills. In my first year, I participated in a tech hackathon at my college, gaining valuable exposure to project design, teamwork, and problem-solving. Though not a winner, this experience sparked my passion for building projects and deepened my interest in software engineering.

Education

- | | |
|--|----------------------------------|
| • Anurag University
B.Tech in Computer Science and Engineering | 2023 – 2027
<i>CGPA: 8.55</i> |
| • Narayana Junior College
Intermediate (MPC, SSC Board) | 2021 – 2023
<i>94.6%</i> |
| • Cal Public School
Class 10 (CBSE Board) | 2014 – 2021
<i>86.66%</i> |

Projects

- **Simple Calculator** – Developed a responsive web-based calculator using HTML, CSS, and JavaScript. Designed an intuitive grid-based layout with highlighted operator buttons, implemented clear, backspace, decimal input, and keyboard support. Showcased front-end development and UI/UX skills.
- **Supermarket Web App** – Built using HTML, CSS, and JavaScript. Implemented a shopping cart system with real-time updates, applied offers and discounts (Buy 2 Get 1 Free, bulk discounts) using conditional logic, and styled product listings for a clean user-friendly interface. Strengthened DOM manipulation and problem-solving skills.
- **Python Games Collection** – Developed 10 interactive games (e.g., Tic Tac Toe, Snake, Rock-Paper-Scissors, Hangman, Number Guessing) using Python. Implemented conditional logic, loops, and functions; used data structures (lists, dictionaries, sets) for tracking game states. Applied `random` and `time` modules and OOP principles for dynamic gameplay.

Certificates

- C Programming Course
- Python Programming from Zero
- HTML5, CSS3, JavaScript
- CISCO Certified in Networking, Operating Systems, Basics of AI
- NPTEL: Operating Systems and Computer Networking (In Progress)
- MongoDB Basics

Technical Skills

- **Languages:** C, Python, Basic SQL, HTML & CSS
- **Databases:** MongoDB
- **Core Skills:** Data Structures, OOP Concepts, DOM Manipulation

Soft Skills

- Problem Solving
- Logical Thinking
- Teamwork
- Adaptability
- Communication
- Continuous Learning
